Re: **CONDITIONAL APPROVAL
REMOVAL ACTION
#18 WORK PLAN**

Mr. Jack R. Craig
Project Manager
U.S. DOE FEMP
P.O. Box 398705
Cincinnati, Ohio 45239

Dear Mr. Craig:

The purpose of this letter is to conditionally approve the Revised Work Plan for O.U. 1 - Control Exposed Material in Waste Pit 5. The condition for approval is that DOE address to Ohio EPA's satisfaction the concern listed below:

1. One concern that we have involves the coordination between this removal action and plans to use waste materials from Pit 5 for a bench and pilot scale vitrification project. How will the waste materials be removed from Pit 5 without disrupting the water cover that this removal action will establish?

If you have any questions please contact Tom Schneider or me.

Sincerely,

Graham E. Mitchell
Project Manager
